My Account
Last updated: do, 22 sep 2022 08:44:17 GMT

This section describes endpoints and workflows for creating a "My ..." space for patrons. Patrons needs to log in to access their data using endpoint `/patron/authentication` with or without branchId/libraryId.

Link to My Account domain.

**Patron Information**

```
GET /patron/{patronid}/library/{libraryid}/patroninformation
```

This endpoint returns the basic patron information such as name, address and subscription information. The patron must be logged in to get this information.

**Current loans**

```
GET /patron/{patronSystemId}/library/{libraryId}/loan
```

Retrieving all loans of a patron in a library

**Current holds**

```
GET /patron/{patronSystemId}/library/{libraryId}/hold
```

Retrieving all holds of a patron in a library

**Subscribing a new patron**
